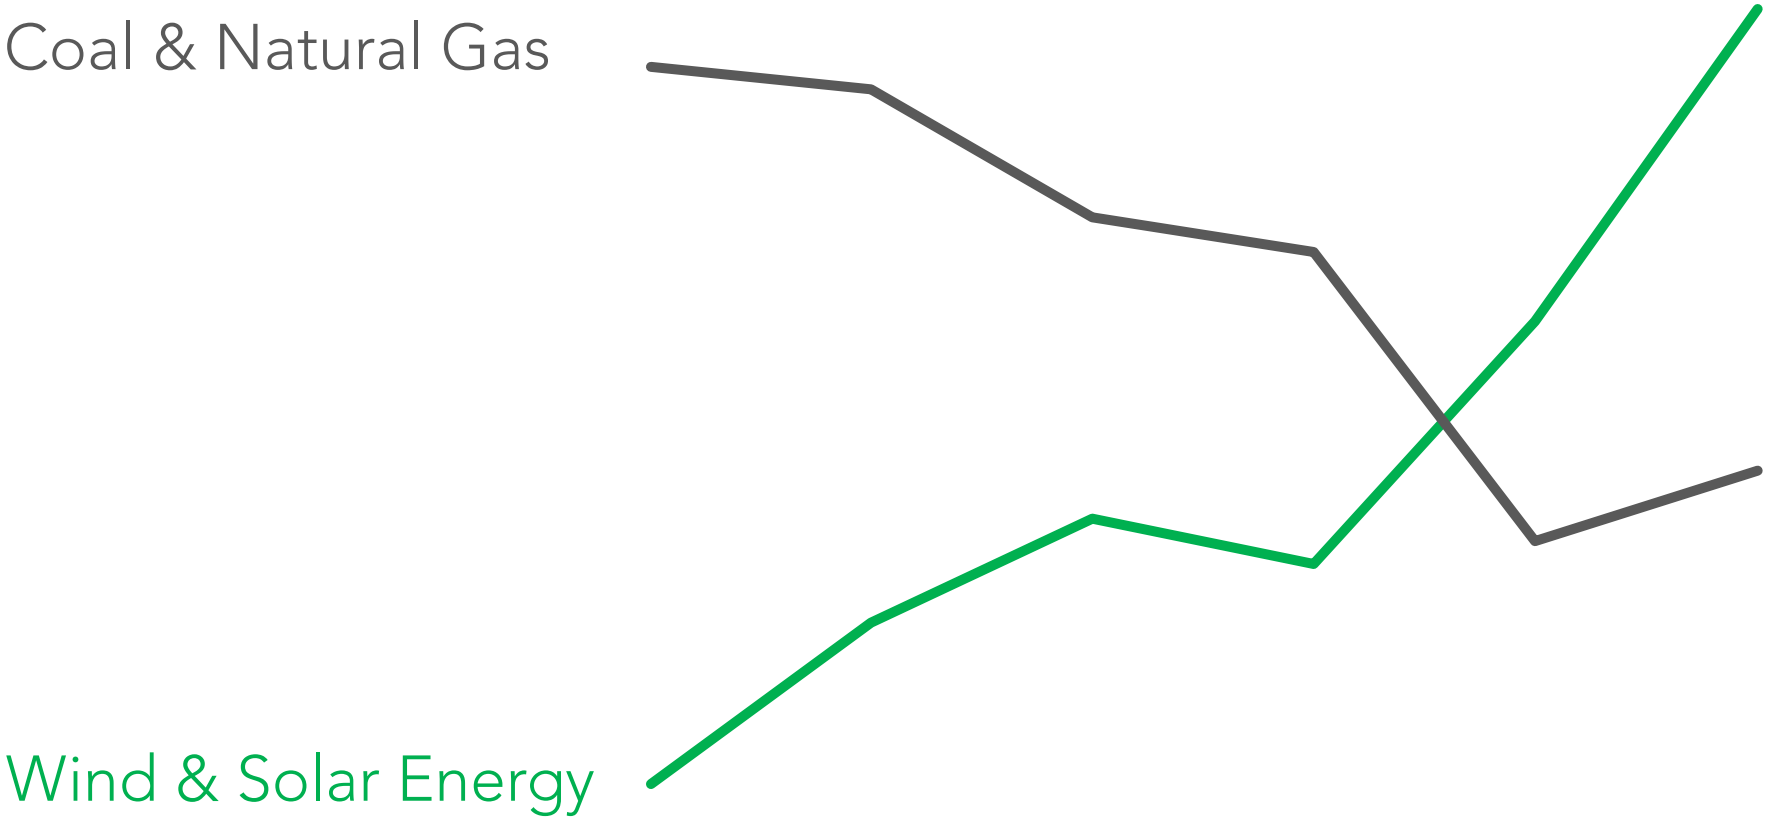
Ocean Renewable Energy Conference XI
September 21-22, 2016

OWET
OREGON WAVE ENERGY TRUST

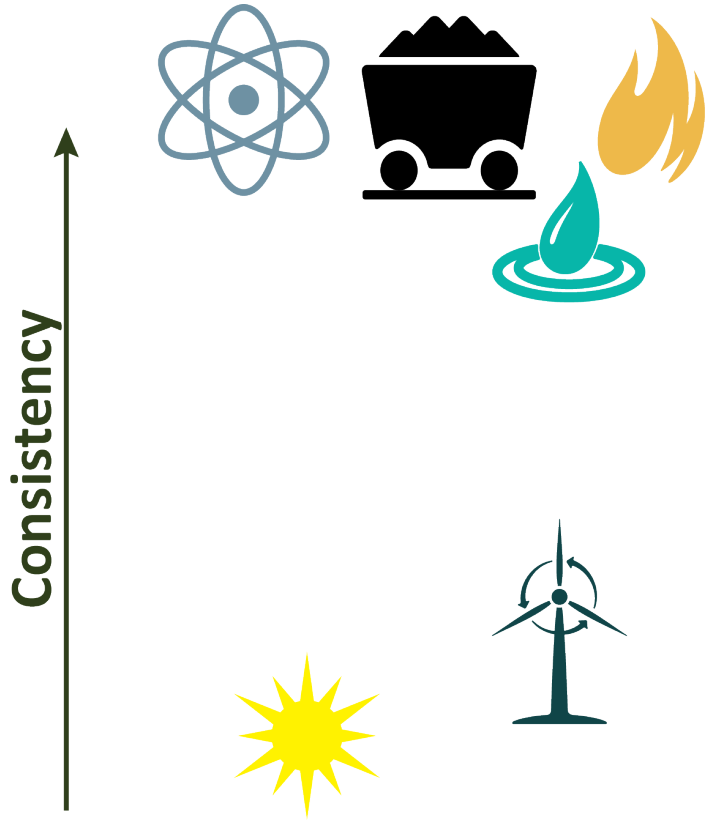
Couple of points beforehand

This is Not a Sustainable Path to Sustainability



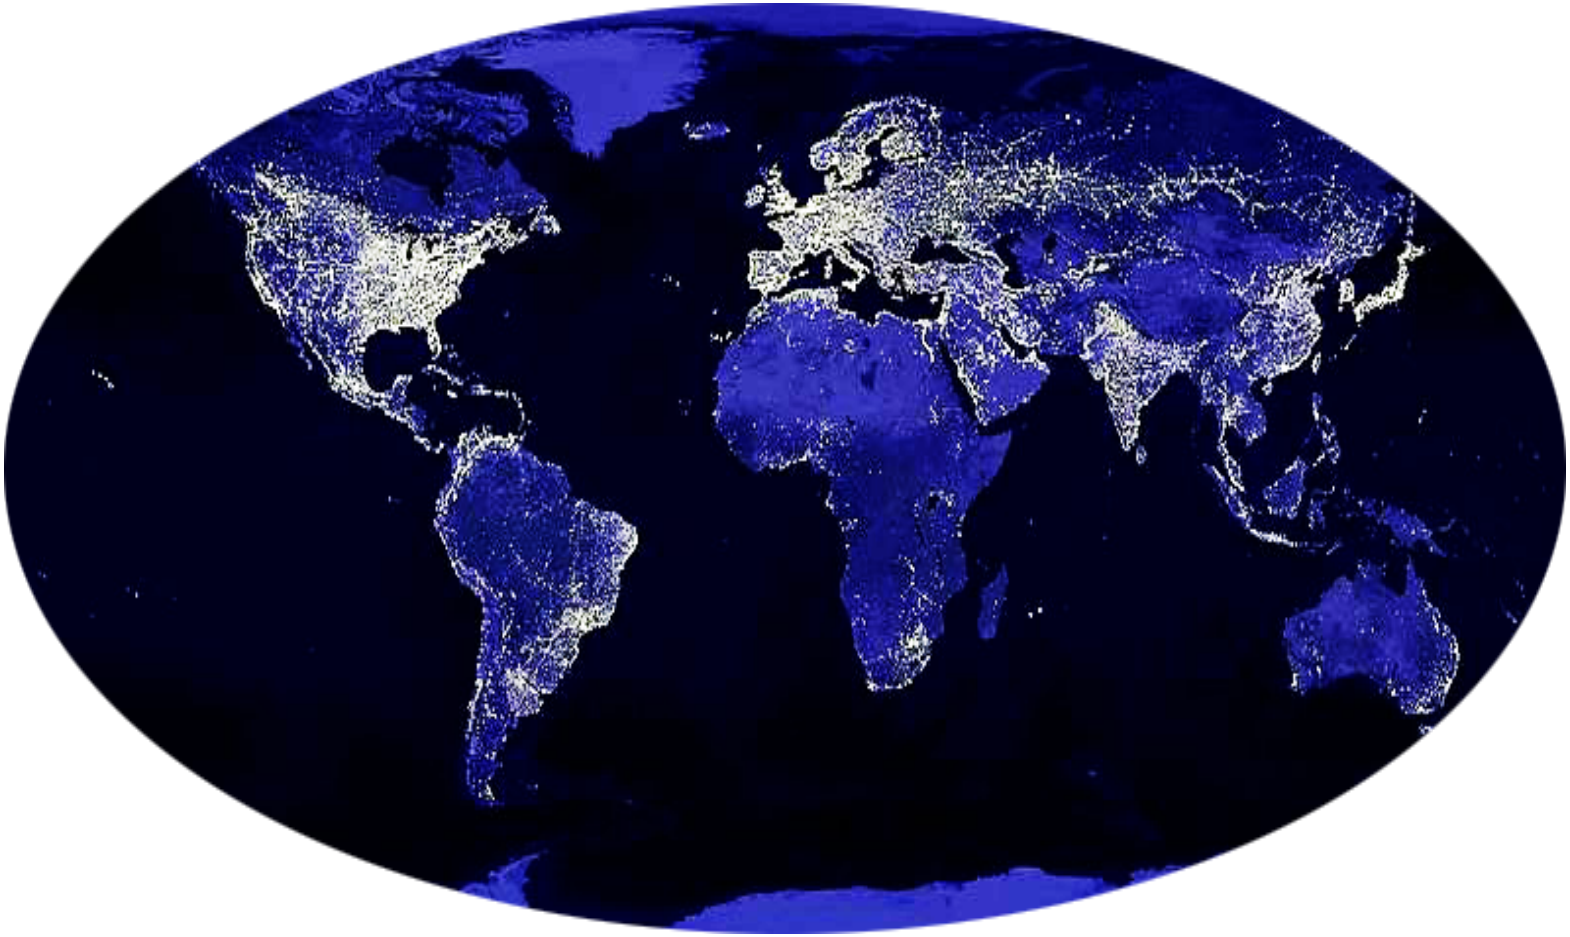
(source: Bloomberg New Energy Finance)

There's a Widening Gap that Must be Filled



The Not-So-Simple Answer is Big Batteries

And This Really Big Battery



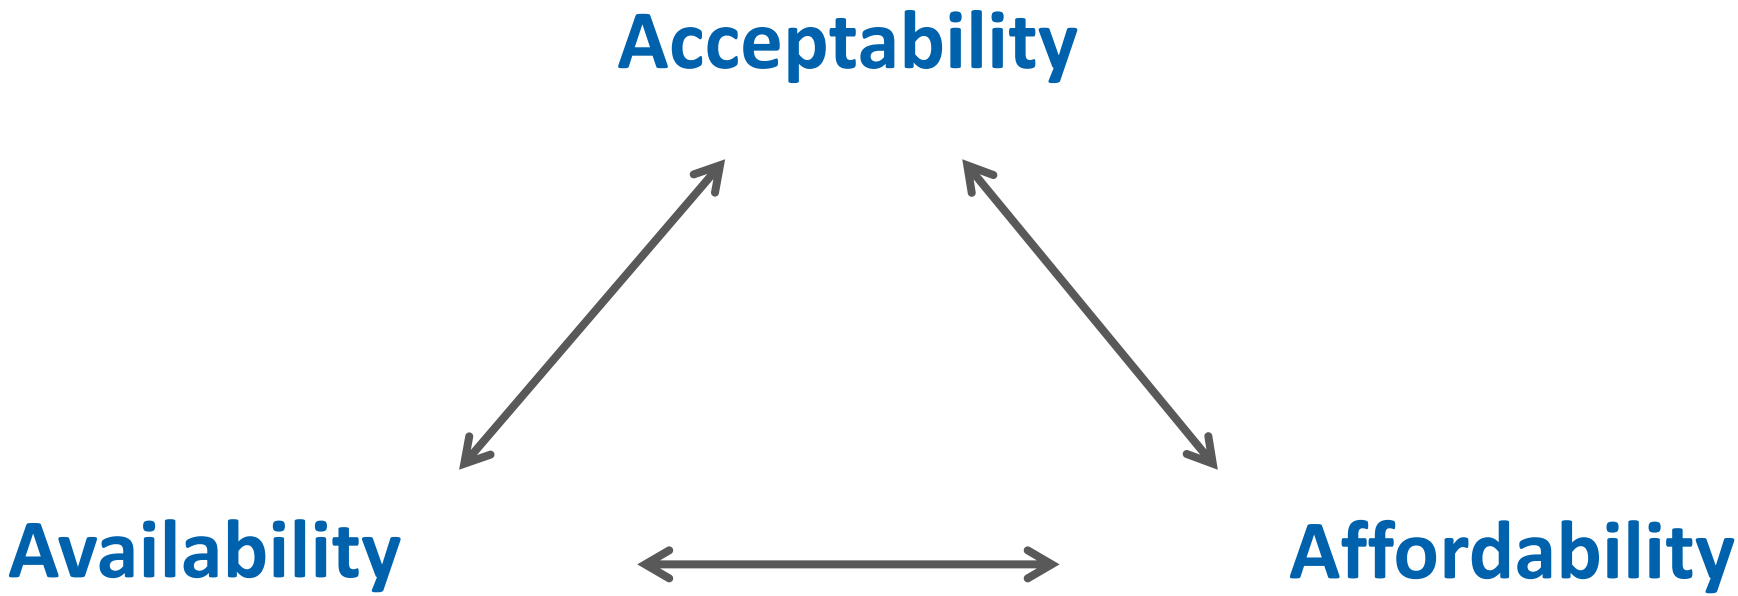
~~Where are we going?~~

Where do we need to go?

Need 3 things:
Convergence
Market Creation
A Goal

Convergence = Commercialization

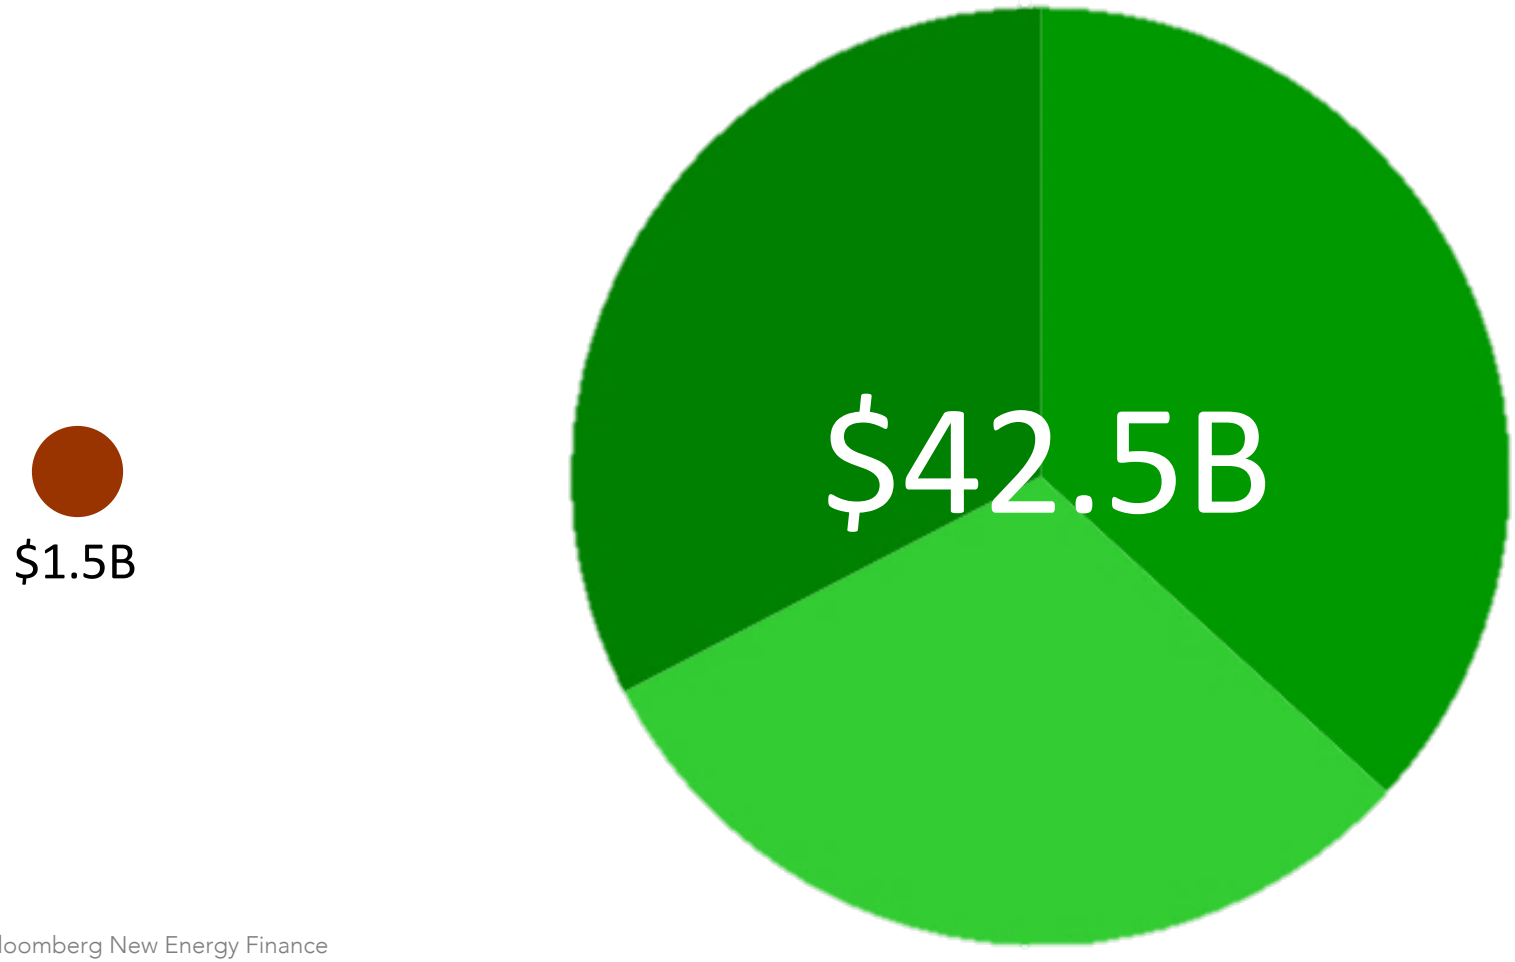
Solving the "Trilemma" leads to Convergence



OWET
OREGON WAVE ENERGY TRUST

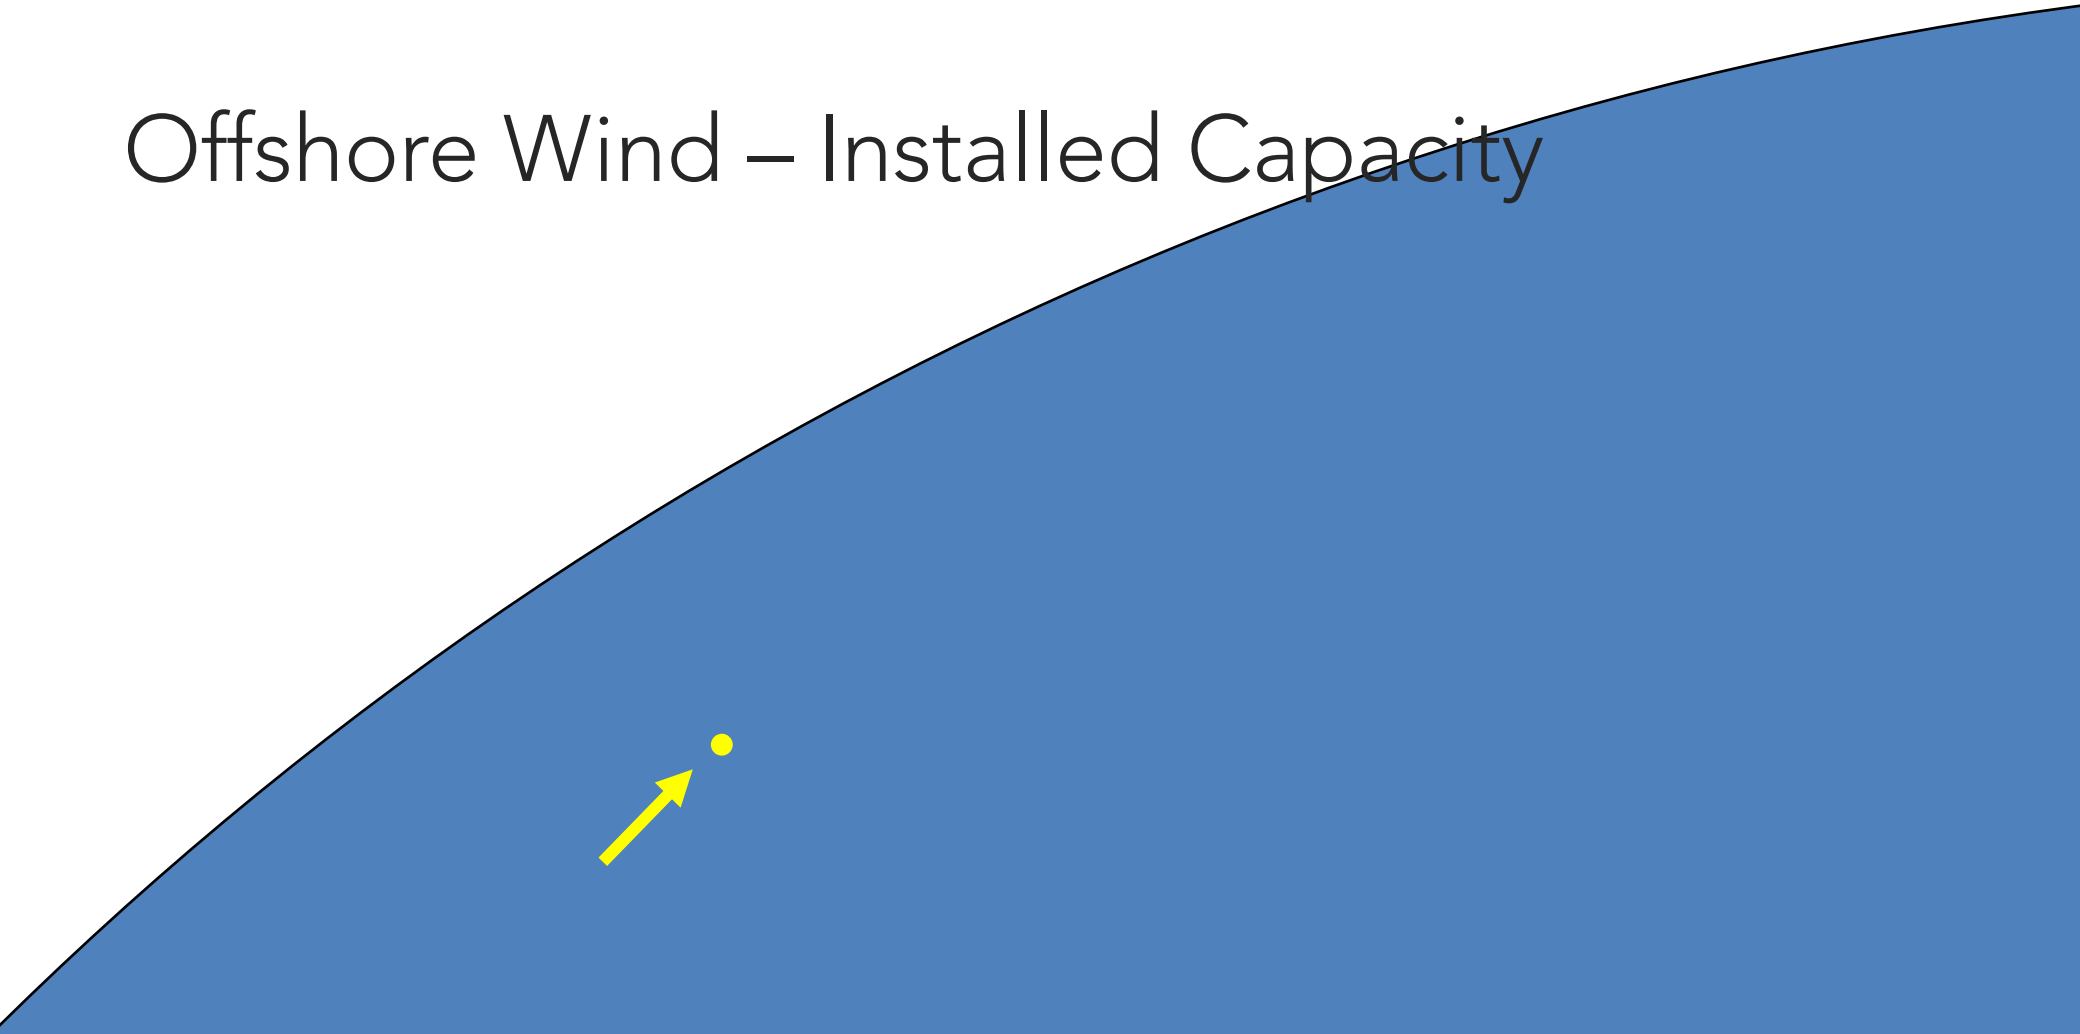
Market Creation

Initially, Cost of Energy Can't Be The Only Driver



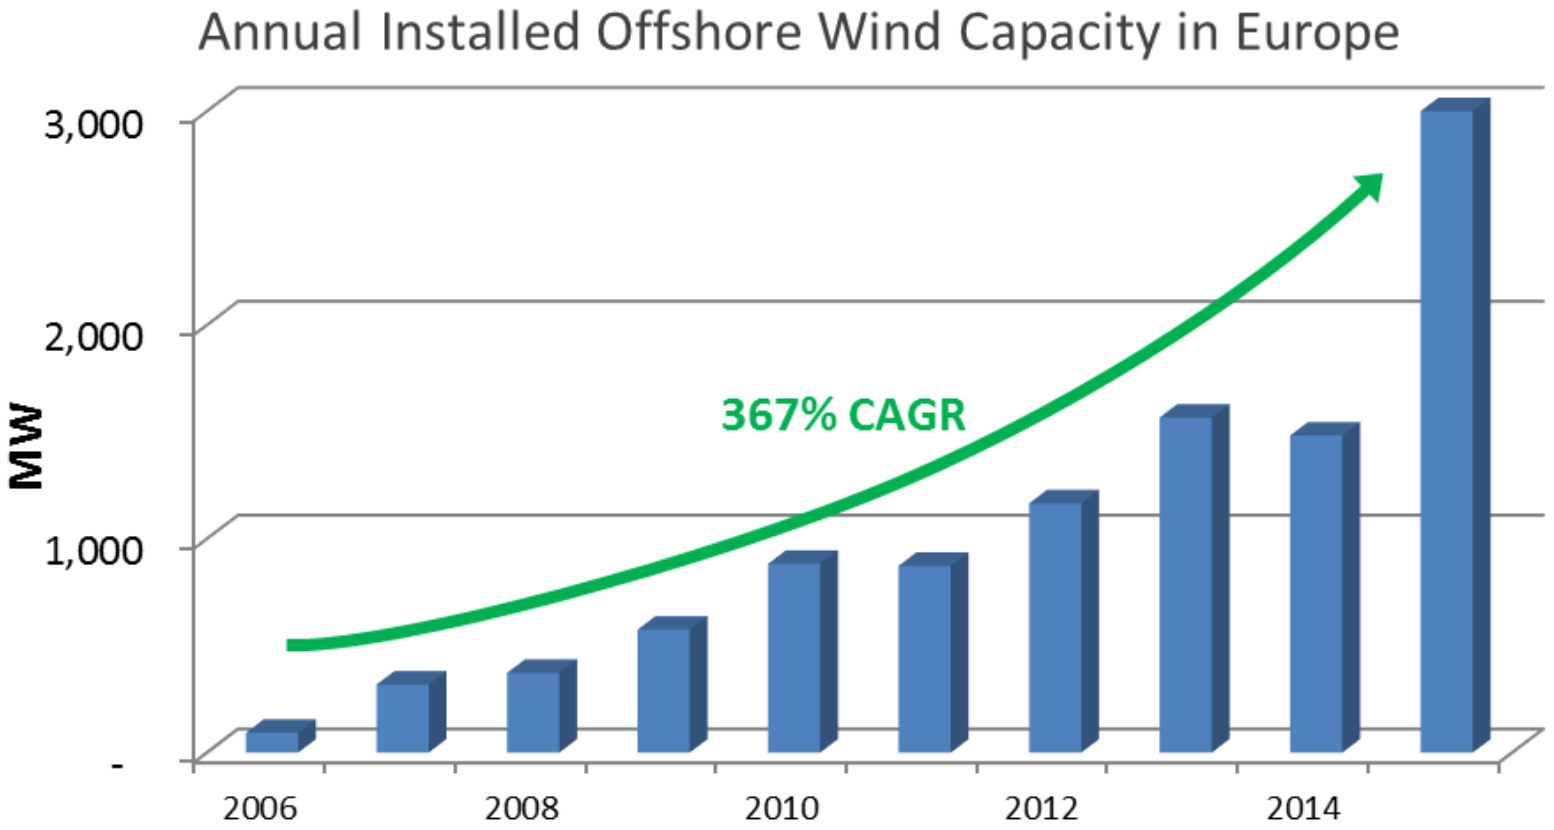
Sources: EWEA, World Energy Council & Bloomberg New Energy Finance

Offshore Wind – Installed Capacity



Source: WindEurope

10 Years to 11GW



Source: EWEA

A Goal

We need one
