

U.S. OFFSHORE WIND

Economies of Scale-o-Meter

State	OSW Approved or Committed
Connecticut	.22 GW
Maryland	.37 GW
Massachusetts	1.60 GW
New Jersey	3.50 GW
New York	2.40 GW
Rhode Island	.03 GW
Total (Feb. 2018)	8.12 GW

**“Governor Chris Christie at
Paulsboro Marine Terminal to
sign wind energy bill into law”
August 19, 2010**

**“Governor Christie urged to act
on offshore wind energy
initiatives”**

August 28, 2012

The background of the slide is a photograph of several offshore wind turbines in a body of water under a clear blue sky. The turbines are white with three blades each. One turbine is prominently in the center foreground, while others are visible in the distance, creating a sense of depth. The water is a calm, light blue color.

New York State will commit to building:

**up to 2.4 gigawatts of offshore
wind power by 2030,
which will generate enough power for
1.25 million homes.**
